

ABSTRACT OF DECISION

I, Rae Atkinson, being first duly sworn, depose and say that I am the Coordinator of the Salt Lake County Board of Adjustment, and that on September 15, 2004, Application #21912, submitted by Jay Sample, on behalf of AFL Telecommunications for Verizon Wireless, was heard by the Board. By motion seconded and carried, the Board of Adjustment approved the request for a special exception to expand a non-conforming structure so that they may add additional dishes to an existing communications tower. The tower is non-conforming because it is a lattice tower. The tower is located at 12151 West UTwo O Two Hwy, in a M-2 zone.. The variance was granted subject to the following conditions:

1. Obtain a building permit prior to construction.
2. Build according to the site plan and building elevations submitted with this application.

**NOTE: If your structure will encroach onto a utility easement you must get approval from all the utilities that have rights to that easement PRIOR TO BEGINNING ANY CONSTRUCTION.**
