Re: Fox Hollow Neighborhood 2, Plat Amendment

Dear Mr. Gifford:

The purpose of this letter is to inform you of the action taken on your development application. **The letter dated March 3, 2015 had an error. Please refer to this letter for the final decision.** On November 18, 2014, the City Council approved the Plat Amendment for Fox Hollow Neighborhood 2 (The Cottages at Fox Hollow), located along Willow Creek Drive and Red Pine Drive, subject to the findings and conditions listed below:

**Findings:**

1. Prior to the Planning Commission review of the Plat Amendment, this item was noticed as a public hearing in the *Daily Herald*; and notices were mailed to all property owners within 300 feet of the subject property.
2. The proposed plat amendment is consistent with the General Plan as explained in the findings in Section "E" of the staff report, which findings are incorporated herein by this reference.
3. The proposed plat amendment meets or can conditionally meet all the requirements in the Land Development Code as explained in the findings in Section "F" of the staff report, which findings are incorporated herein by this reference.
4. The granting of the variations will not adversely affect the rights of the adjacent land owners or residents because the requested variations will allow for a reduction in density and will allow for a single-family product, rather than the previously approved two-family dwellings.
5. The variations desired will not adversely affect the public health, safety, or general welfare because there is and will be similar housing products in the Fox Hollow development.
6. Granting of the variations will not be opposed to the general spirit and intent of this Chapter or the Land Use Element of the General Plan because the PUD

Chapter allows for clustering and a variety of housing products and allows the City Council to grant variations.

**Conditions:**

1. That all requirements of the City Engineer be met, including those listed in the attached report.
2. That all requirements of the City Fire Chief be met.
3. That no more than 50 building permits may be issued west of the second access, unless the third access has been constructed and dedicated.
4. The elevations attached to the staff report are conceptually approved. Final architectural approval of each home shall be by the Master HOA.
5. Individual yards shall be fenced by the developer with consistent fencing that is approved by the Master HOA.
6. Fencing is required between lots and open space. Fencing is required between N5 and the proposed open spaces.
7. The variations are approved as proposed.
8. The homes on the lots directly adjacent to Willow Creek Drive and Red Pine Drive shall front the street.
9. Where lot lines abut the Village parkway right-of-way the homes shall face the shared drives but the side elevations facing Village parkway shall be improved with architectural details including windows, to be worked out with the HOA. No driveways shall access Village Parkway. The sidewalk from the front door shall not lead to Village Parkway.
10. The developer shall install a split-rail fence along Village Parkway. The fence shall be constructed of vinyl and shall match existing split-rail fences in Fox Hollow. The fence shall be 42" in height when adjacent to a retaining wall that is 30" or greater.
11. Alternative: Resident parking shall only be in the enclosed garages. No parking is allowed on the private drive or the apron leading to the garage. Guest parking stalls shall be reserved for guests.

14. The garage doors shall vary in appearance and color to add visual variety.
15. To avoid monotony, the same elevation shall not be built side by side.
16. The builder shall landscape the front and side yards, at a minimum, prior to issuance of a certificate of occupancy for each home.
17. One more tot lot shall be added to the project. The tot lot near the sports court shall be for ages 5-12. A tot lot shall be added to the 0.50 acre open space in Phase 4 and shall be for children ages 5 and under.
18. The requirements of the Master HOA shall be met.
19. The home builder shall install automatic garage door openers in each garage.
20. The Master HOA requested different trees within the development. The applicant shall be allowed to modify the landscape plan with different tree species. The final plan shall be approved by staff.
