WHEREAS, the Landowner is proceeding to build on and develop the property (or the property has previously been developed); and

WHEREAS, the Management Plan provides for the construction of storm water drainage systems on the property and such are detailed in the Site Plan/Subdivision Plan (Site Plan); and

WHEREAS, the City and the Landowner agree that the health, safety, and general welfare of the residents of Pleasant Grove City require that storm water drainage systems be constructed and maintained on the property; and

WHEREAS, the City requires that storm water drainage systems as shown on the Site Plan be constructed and adequately maintained by the Landowner;

NOW, THEREFORE, in consideration of the foregoing premises, the mutual covenants contained herein, and the following terms and conditions, the parties hereto agree as follows:

1. The storm water drainage systems shown in the Site Plan shall be constructed by the Landowner in accordance with the plans and specifications in the Management Plan.
2. The Landowner shall maintain the storm water drainage systems as shown on the Site Plan in good working order acceptable to the City.
3. The Landowner shall annually certify that adequate maintenance has been performed and the structural controls are operating as designed to protect water quality. Such certification shall be on a form provided by the City and occur with renewal of business license or, if there is no business license required, at an agreed upon date each year.
4. In the event that Federal or State regulations governing the City's Management Plan change such that modifications are needed to the Site Plan, the Landowner shall make such updates within four months of notification by the City.
5. The landowner hereby grants permission to the City, its authorized agents, and employees to enter the property and to inspect any storm water structures wherever it deems necessary.

- 8. It is the intent of this Agreement to insure the proper maintenance of storm water drainage systems and structures by the Landowner; provided, however, that this Agreement shall not be deemed to create or affect any additional liability of any party for damage alleged to result from or be caused by storm water management.
- 9. The Landowner, its executors, administrators, assigns, and any other successors in interest, shall indemnify and hold the City and its agents and its employees harmless for any and all damages, accidents, casualties, occurrences, or claims which might arise or be asserted against the City from the construction, presence, existence, or maintenance of the storm water drainage systems by the Landowner or the City.
- 10. In the event a claim is asserted against the City, its agents, or employees, the City shall notify the Landowner and the Landowner shall defend at his own expense any suit based on such claim. If any judgment or claims against the City, its agents, or its employees shall be allowed, the Landowner shall pay all costs and expenses in connection therewith.
- 11. This Agreement shall be recorded among the land records of Utah County, Utah, and shall constitute a covenant running with the land, and shall be binding on the Landowner, its administrators, leasees, executors, assigns, heirs, and any other successors in interest.
